Customer Story Spotlight

In 2014, Paramount moved multiple aircraft for a commercial operator. The customer was so pleased with Paramount’s service and support that they will be using Paramount to ferry up to 8 aircraft in 2015. The aircraft will be coming from Asia and Europe to the United States. The operator noted that they decided not to go to market and shop for a ferry provider for these movements – they simply decided to stick with Paramount. A true testament to Paramount’s flexibility and excellent customer service.
